

INDIAN RAILWAYS INSTITUTE OF TRANSPORT MANAGEMENT, LUCKNOW
Conducting

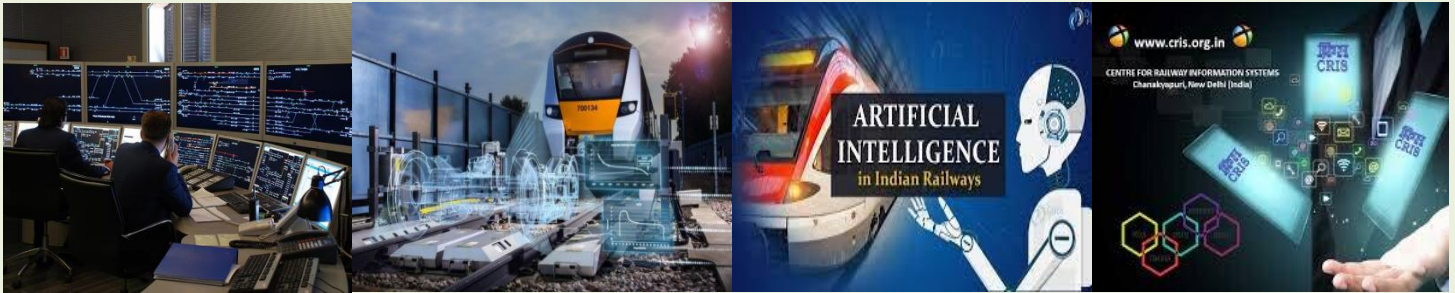

Training Programme for In-Service Traffic officers

IT APPLICATIONS IN TRAFFIC

Programme Director: Ms Neha Ratnakar, Prof. Commercial & Training

Overview:- Traffic officers play vital role in planning and executing the train operations and supply chain management across the nation. The IT related arm of IR - CRIS has enabled them in taking faster and smarter decisions by developing several state of the art softwares and apps. A team of faculty from IRITM and senior officials from Railway Board & CRIS give important and essential insights about these applications. They also discuss about latest IT developments & initiatives like cloud computing, big data, data analytics, artificial intelligence, machine learning, internet of things, digital supply chain management etc.

Objective:-

- * To update traffic officers about latest IT initiatives in IR
- * To understand the requirement of field officers
- * To maximise usage of various apps in day to day working

Who Should Attend:-

IRTS Officers from all cadre from Junior scale to Senior administrative grade.

Course Duration:- 05 Days

Timing of Course:-

09.30 HRs to 16.15 HRs

Day	Brief of Content and Learning Theme
